

# GROUPVINE

January's Groupvine is an introduction of "What is to Come" in 2024. What is to come is you! The Groupvine Committee wants and needs you in order to publish our District 43 newsletter.

Each month the feature article will be written by a reader like you. That theme will then be carried throughout the newsletter in various articles and sections. We will ask readers the month before to share their views and experiences on that theme.

No matter your age or your sobriety date, if you are young or young at heart, if you have 36 days or 36 years, we need to hear from you.

Below are some of the features you can look forward to.

### **Newcomer Longtimer**

A new person and someone with some time will share their views and experiences on a particular topic.

### **Hear Here**

A monthly opportunity for you to share something amazing you heard in the meetings you attend.

### **We Are Not A Glum Lot**

Send a joke, inspirational quote or poem to be featured in an upcoming Groupvine.

### **Is It Odd Or Is It...?**

Tell us about a spiritual experience you've had that you would have once considered a coincidence.

For the latest information, always check the district website
